For Real Estate Investors Association members only...

Join us for an entertaining and educational day with Eddie Speed of NoteSchool LLC.

You'll discover...

- **How to create multiple streams of passive cash flow that fuel your lifestyle all through retirement** (I'm not talking about being a landlord...this true 'set it and forget it' income).
- **Why great REO deals are getting harder and harder to find** (making it tougher and tougher to find good investments in your area).
- **Why Wall Street has muscled in on your action** (and how even the little guy can work with them to land incredible property deals).
- **A sneaky back-door method to buy properties in your area at just 20% - 50% of today's fair market value** (I'm not talking about blighted or deserted properties...these are good homes in good areas).
- **A simple investing twist that takes you out of the 'tenants and toilets' game for good** (and no, I'm not talking about hiring property managers).
- **Why right now is the absolute best time to get involved with real estate-backed notes** (position yourself just in front of this profit tsunami and ride this wave for years to come).
- **How to start and grow a real estate empire using just \$100 out of your self-directed IRA** (and grow that empire completely tax-free).
- **A completely innovative way to sell a home so that you enjoy cash flow payments for years - even though you actually got *paid* to buy the home** (no - I'm not talking about lease-options or any other strategy you've likely heard of).
